

To Whom It May Concern:

I am writing out of concern for a radio station that I and many others love and financially support, which is K-Love. In the Chicago area it is 94.3 FM. K-Love is one of the few positive, encouraging, and uplifting radio stations available. When I listen to it I never have to worry about hearing anything offensive b/c it is so family-friendly. There have been numerous times when I was going through difficulties in my life, or just had a rough day, and the songs played on K-Love lifted me up and encouraged me to keep going. There are a few other Christian radio stations in my area, but K-Love is unique b/c it doesn't air commercials, and the blend of music played is modern and current. PLEASE DO NOT let this great radio station get displaced by an LPFM broadcaster. K-Love not only has great music, but also programs that feed the soul of all who listen. These programs keep listeners aware and current with new laws that are being passed, give advice for all types of life situations (like marriage, children, adoption, etc.), and provide listeners with news and interviews on the bands and musicians that are played. K-Love is not just a radio station to sing along to or provide background music; it also raises awareness of national and international issues so that listeners can act accordingly. This radio station is necessary to the community. Please see to it that K-Love remains on the air. Thank you for your time.

Debbie
